REMARKS/ARGUMENTS

In response to the outstanding Official Action dated August 9, 2006, the Applicant hereby elects Group I, directed to Claims 1-3 and 5-15.

In addition, Claim 4 has been amended to depend from Claim 1 and now further defines the data receiving routine and is believed to be properly included within the Group I claims for examination now.

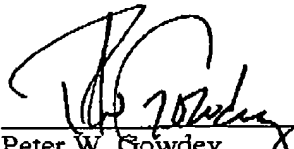

Further, Claims 16-20 have also been amended. Claim 16 now depends from Claim 8 and adds additional fields to those set forth in Claim 8 and further defines the graphical user interface that also is present in Claim 1. Claims 17-19 depend now from Claim 16 and Claim 20 depends from Claim 19. Claims 17-20 add additional fields, further define the database and the network application of Claim 8.

Consequently, it is believed that Claims 16-20 now form a part of Group I and should be examined along with Claims 1-15.

An early and favorable action is respectfully requested.

Respectfully submitted,
